Murder in Morgan County.

Rufus Gibson, a young man about 18 years of age, was killed on Brushy Fork of Morgan county, a mile and a half from Cannel City, Sunday morning last, under peculiar circumstances. B. S. Stamper, Coroner of Morgan, tells the particulars as follows: Charley Patrick had a wagon and team and had tangled the latter, when young Gibson got in the wagon and remarked, "I will back your team," at the time taking the lines. After doing so Patrick got out and catching up two rocks put them in the wagon. Then he started up the team and threw a rock, hitting Gibson on the side of the head. But the young man jumped in the wagon and the two clinched and fell from the wagon to the ground, Patrick on top. Bystanders picked up Gibson and found that he was dead. The Coroner summoned two doctors and a jury, when they rendered a verdict in accordance with the above facts, stating that Patrick was the cause of death. Patrick was arrested and sent to jail at West Liberty and will have his examining trial at that place today.

That Ball Game.

An interesting game of ball was played on the grounds of the Hazel Green team Monday, in which the home team was the victor, the score being 11 to 3. But on Tuesday morning the West Liberty boys changed the aspect, according to the score card, by 6 to 1. Some fine playing was done in the latter game by both teams, and the pitching by Porter Center, Neal Nickell and Ben Foley was very good. The West Liberty boys, however, did some better fielding in the latter game than in the first, with the result as above. Claypool, of the H. G. team, made a home run, and was the only one to score. The visiting team appeared to be well pleased with the treatment accorded, and promised to come again.

Seeing Noah Cisco and Bill Caskey here Monday and Tuesday reminded "Our Man About Town" of the school days of these gentlemen. While they were students of Hazel Green Academy they were generally recognized as "Damon and Pythias" of latter days, but no one, so far as we know, has ever been able to decide which the Damon or the Pythias, and as both subscribed for THE HERALD, with which they identify their alma mater, we shall not try to distinguish them.

Referring to the announcement last week of our young friend, Ed. Oney, the question was asked, "Is he qualified?" In answering the query for him we do not intend to disparage other gentlemen aspirants, but we can state that he is a graduate of our own Hazel Green Academy, has taught several public school terms, and if we mistake not holds a State certificate. Anyhow, on the score of ability, we can vouch for him as well as we can for integrity, and greater praise no man need have.

When you see a woman come down town with a baby in a buggy and two or three women with her who are as excited as a small boy at a fire, it is a sign that the baby is to have its picture taken. There will not be anything to the picture but a little wrinkled face and a mass of white clothes spread out to show the embroidery, but the mother thinks the picture is the sweetest thing in the world, and gives one to everybody.

On July 8 Floyd Frazier will be executed at Hindman for the murder of Mrs. Mary Flannery. This will be the first legal hanging in Letcher county.

WHY JOHNSON IS FEARED.

Republicans See That He is a Strong Man of Sound Judgment.

[Chicago Inter-Ocean Editorial.]

The President, according to the impressions of the latest callers at the White House, views with concern the possibility that Gov. Johnson, of Minnesota, may defeat Mr. Bryan for the Democratic nomination.

He is said to feel that the nomination of Mr. Johnson might upset all his plans for making Mr. Taft his successor.

The President has doubtless received reminders of the difficulties—well known to him as a historian—under which a political party labors which has had a panic under its administration.

He has also been informed by observers of proved sagacity that if nominated Mr. Johnson is likely to carry at least two States in the Middle West that ordinarily are counted as certainly Republican.

Why does this uneasiness exist? Why is this concern felt? Why does the shadow of the Hon. John A. Johnson cast this chill upon the confidence which left no doubts that Mr. Taft could and would defeat Mr. Bryan?

Simply because Gov. Johnson has been going about the country of late and making speeches that were not mere echoes of Mr. Bryan's. He has not gone about playing the tin whistle to Mr. Bryan's loaded bassoon. He has instead talked some plain American common sense.

We might disagree with some of Mr. Johnson's ideas. Many of us do disagree with some of them. Nevertheless he has impressed all who heard or read his speeches as a straightforward American man, looking at things as they are, trying to see them clearly, trying to think about them straight, and uttering the sober judgment of a practical man trained in the school of experience.

That is why the Hon. John A. Johnson is regarded with uneasiness at the White House. That is why concern is felt about him that is not felt about Mr. Bryan.

GROWTH OF JOHN JOHNSON.

[Chicago Journal, Editorial, May 14.] The rise to national prominence of John Johnson, whose presidential candidacy was endorsed yesterday by Minnesota Democrats, is one of the interesting phenomena of American life.

Only four years ago he was unknown outside of Minnesota, where he was a member of the State Senate and the editor of a country newspaper. But in the fall of 1904 he was elected governor of Minnesota by about 6,400 votes, notwithstanding Roosevelt at the same election carried the State by an overwhelming majority, and every county went Republican on the presidency.

This was enough to attract attention to him, for the election of a Democratic governor by a State strongly Republican in the presidential contest was unusual. In the two years that followed he so endeared himself to the people of Minnesota that he was triumphantly re-elected governor in spite of the fact that Republicans nominated a candidate of his own race, his majority being the enormous one of 65,000.

There must be something in a man who could do that, and Democrats all over the country began to study Johnson and his record. To those who are familiar with the facts it is not surprising that Democrats are fascinated by Johnson's sturdy personality.

There is much about the man that is suggestive of Lincoln. Born in abject poverty, son of a drunken blacksmith, the care of Johnson's mother, a washer-woman, devolved upon him, and nobly did he meet the responsibility. He found work in a printing office in the village of St. Peter, and supported his mother from his earnings. The evenings were devoted to educating himself. That task, performed well, enabled him to become editor of the little newspaper in whose service he had learned the trade of printer.

Admiration for a boy who shows such courage is natural. Like Lincoln, he had overcome the handicap of birth, early in life had undertaken the responsibilities of manhood, had met them fully, had educated himself and worked into a position of profitable and useful labor, which enabled him to give his mother a good home.

That is the sort of a man of whom all Americans are proud. That is the spirit which has made America great, the spirit of Lincoln.

But the likeness of Johnson to Lincoln does not end here. Like

DELICIOUS BANANA CREAM.

This recipe is highly recommended by one of our correspondents; try it for dessert to-morrow. Peel five large bananas, rub smooth with five teaspoonsful of sugar. Add one teaspoon sweet cream beaten to a froth, then add one 10c package of Lemon JELL-O dissolved in 1½ cups boiling water. Pour into mold and when cold garnish with candied cherries. Serve with whipped cream, or any good pudding sauce. JELL-O is sold by all grocers at 10c a package.

Illinois' greatest son, Johnson soon showed an interest in government and kindred matters. He served seven years in the Minnesota National Guard, becoming captain in that organization. Then he was elected to the legislature, and, making adherents through his qualities of honesty and forcefulness, became the nominee of his party for governor.

As governor he exerted powerful influence upon a legislature politically hostile and accomplished many notable reforms, which so appealed to the voters that he was re-elected in order that he might pursue his course.

Johnson and his record naturally affect the imagination of Americans, who admire a sturdy and successful battle against adverse conditions. He may not be the Democratic candidate for president this year, but if he should be presented he would not only awaken enthusiasm but draw the suffrages of good citizens everywhere.

A Cough Medicine

Ayer's Cherry Pectoral is a regular cough medicine, a strong medicine, a doctor's medicine. Good for easy coughs, hard coughs, desperate coughs. If your doctor endorses it for your case, take it. If not, don't take it. Never go contrary to his advice.

We publish our formulae. We banish alcohol from our medicines. We urge you to consult your doctor.

The dose of Ayer's Pills is small, only one at bedtime. As a rule, laxative doses are better than cathartic doses. For constipation, biliousness, dyspepsia, sick headaches, they cannot be excelled. Ask your doctor about this.

Dr. A. C. Nickell tells us he will be compelled to break up house-keeping, owing to his wife's failing health, and offers his house, garden, barn and a fine well of water for rent. This is a nice little home that some one may rent at a bargain by applying to him at once, in time for garden.

He says he has built five splendid school-houses and made other improvements of which we will tell you when he comes in with his card.

Public announcement was made Monday night that Miss Jeannette Gridley and Wayne Long would be united in the holy bonds of matrimony on Tuesday, June 28. She is indeed a most elegant lady and has many rare accomplishments, not the least of which is elocution. Wayne Long is a native born boy, a graduate of Hazel Green Academy, and at present a student of Bethany College, Va., where he is fitting himself for the ministry. To both of them THE HERALD sends congratulations, in which we are joined by a host of friends. The ceremony will take place at Newark, O.

The Commencement.

The commencement exercises at Hazel Green Academy this year brought together more visitors from a distance than has been seen here in the past year or two, our sister towns West Liberty and Maytown being especially well represented.

Saturday night the primary entertainment by the little folks under the auspices of Miss Jeannette Gridley was the attraction at Pearre Hall, and all who attended were delighted with the discipline and deportment of the children. To single out any one and give praise would be unjust to the others. Suffice it that all did splendidly, and we doubt if any school in the State could produce an equal number of primary scholars who could show any better than did those Saturday night.

Sunday the baccalaureate service was held at the Christian Church, Prof. Calhoun, of Kentucky University, delivering the discourse, which was a very appropriate one to the occasion, especially at the morning service. Prof. Hubbell, who was on the program for this service, for some cause did not show up, but the people who heard Prof. Calhoun were well pleased with the alternate.

Monday night was the contests between young ladies, both oratorical and declamatory, and each lady demonstrated that she had been most thoroughly trained. The oratorical contest was won by Miss Della Legg, her subject being "The Mountaineer of History," which showed that she had given the subject much thought in its preparation and had been well trained for its delivery. Some in the audience who have witnessed similar contests thought Miss Legg's one of the finest that has been produced, both in its conception and in the manner of delivery.

Miss Joe Hord Frank was the victor in the declamatory contest, and all who heard her say her delivery was almost perfect, showing that in elocution she had been trained by an adept. Her selection, too, was very fine, being full of pathos, "The Famine From Hiawatha." Miss Frank has a fine voice, and in the delivery of her piece she gave it full sway. Miss Legg represented the Utile Dulci Society, and Miss Frank the Haut et Bon.

Possibly the most exciting event of the entire commencement occurred on Tuesday night in the young men's contests, Clayborne Johnson, John G. Neace and Ellis Ward being the orators, and Jos. Estep, Goff Long, John Johnson, Jonathan Stambaugh and Charles Seale being the declaimers. Mr. Ward and Mr. Long were the successful contestants. In the work of Prof. Marsh, of Berea, all winners.

Wednesday, the Commencement day proper, a large crowd witnessed the graduating exercises. Each member of the class rendered a splendid discourse on some up-to-date question. Space permits us to mention only those who received diplomas in the Academic department—Ellis Ward, M. V. Roberts, Fred Millard, Lizzie Wilson, Will Hurt and Clayborne Johnson each received such a diploma. There were five graduates in the Preparatory, and eleven graduates in the Business departments. After the diplomas were presented the prizes were awarded as follows: The W. O. Mize Gifts, Joseph Estep and Bessie Hollon; Scholarship, Ellis Ward; General Merit, Rose Minnich.

Last night the exercises of the week were concluded by the rendition of the three-act cantata "Jephthah and His Daughter." The spacious hall was filled to its utmost capacity by an attentive audience, and from the frequent rounds of applause the play was highly appreciated. The biblical story was well portrayed, and all who took part in the cantata rendered their roles well.

All in all commencement week at Hazel Green Academy this year was one of the most successful in the history of the institution. Prof. Dertthick and the entire

faculty of Hazel Green Academy deserve great praise for the orderly manner in which all commencement week entertainments were conducted. Mrs. Dertthick, while not a teacher, by her affable attention to all visitors whom she met, had much to do with the pleasure of the strangers within our gates.

J. G. Trimble, the venerable former citizen of Hazel Green, accompanied by his son, Green Trimble, Jr., came in Tuesday evening and were visitors at the commencement exercises Wednesday. The senior Mr. Trimble, as will be remembered, was injured in a fall at the Louisville Hotel, Louisville, about seven months ago, and now gets about on crutches. He has always been a man of great energy, and his friends seeing him a cripple have great sympathy for him.

Hon. Tom Johnson, of Tallega, who spent his early school days at the public school of our town, and who has educated several children at our academy, was one of the happy visitors here this week. Clayborne and John Johnson, two of the graduates, are his sons. Mrs. Johnson was also here and met several friends of her good.

Died, Wednesday, May 16, at the family residence, on Gray, Mrs. Lily F. Phillips, wife of Green Phillips, aged 28 years. She had been sick for a long time, and her death was not unexpected. She was a daughter of Mr. and Mrs. Joel Havens.

Delays in the mail caused the non-arrival of our Lee City locals until Wednesday evening, too late for this issue.

Jolly John Pieratt, of Kiddleville, was here Tuesday, but had to go home yesterday morning on account of a spell of malaria.

Mrs. Mattie Boyd, of Harlan, Va., accompanied by her intelligent little boy, Raymond, or "Buster" Boyd, are here visiting Mrs. Boyd's mother, Mrs. Emma Evans.

R. S. Stamper, of Sellers, with his wife, was here this week visiting his brother, Dr. Harlan Stamper, and told us he would be a candidate for Sheriff of Morgan.

Turner Wells, of Frenchburg, was among the visitors here this week, and was an interested witness of the ball games as well as the commencement exercises.

An interesting communication from Tuttle, Okla., from Albert L. Henry, who recently visited relatives and friends in Wolfe and Morgan counties, will appear next week.

We have received an invitation to the Commencement Exercises of Pathany College, to be held June 11, 1908, through the courtesy of our young friend, F. Wayne Long.

Among the visitors here at the commencement were the Drs. Goodwin, natives of Ezel. Dr. J. E. is a dentist located at his home town, and Dr. Asa is a practicing physician of Wade's Mill, Clark county.

Little Miss Lucille Kash, the pretty daughter of Sam Kash and wife, who has been visiting her grand-parents, Charley Sample and wife, for several days past, returned home this morning much to the delight of her parents.

Decoration.

There will be decoration services at the Jeff M. Rose graveyard on Lacy Creek Saturday, May 30th, at 2 o'clock p. m. The relatives and friends of the deceased are cordially invited to be present. Respectfully, JEFF M. ROSE.

Nervous Break-Down

Nerve energy is the force that controls the organs of respiration, circulation, digestion and elimination. When you feel weak, nervous, irritable, sick, it is often because you lack nerve energy, and the process of rebuilding and sustaining life is interfered with. Dr. Miles' Nervine has cured thousands of such cases, and will we believe benefit if not entirely, cure you. Try it.

"My nervous system gave away completely, and left me on the verge of the grave. I tried skilled physicians but got no permanent relief. I got so bad I had to give up my business. I began taking Dr. Miles' Restorative Nervine. In a few days I was much better, and I continued to improve until entirely cured. I am in business again, and never miss an opportunity to recommend this remedy." MRS. W. L. BURKE, Myrtle Creek, Oregon.

Your druggist sells Dr. Miles' Nervine, and we authorize him to return price of first bottle (only) if it fails to benefit you.

I shall prescribe it in my practice for rheumatic and kindred diseases and use it in my practice."

DR. C. L. GATES
Hancock, Minn., writes:
"A little girl here had such a weak back caused by Rheumatism and Kidney Trouble that she could not stand on her feet. The moment they put her down on the floor she would scream with pain. I treated her with 'DROPS' and today she runs around as well and happy as can be. I prescribe 'DROPS' for my patients and use it in my practice."

Col. Jack Chinn was awarded \$2,500 damages against the Foster-Milburn Co., of Buffalo, N. Y. It was claimed that the company had used Col. Chinn's picture and an alleged testimonial, recommending a patent medicine, which was claimed to be a forgery.

Walter R. Day, former State Treasurer under W. S. Taylor, who was convicted of obtaining money under false pretenses and sentenced to the penitentiary for one year, has been granted a new trial by the Court of Appeals on erroneous instructions of the trial judge in Perry county.

N. B. Haslip, aged 40, a farmer residing in the Jacksonville neighborhood, in Shelby county, was found dead in the road Saturday morning about daybreak with his chest torn open from a gunshot wound. When found he had a pair of wire cutters in one hand and a revolver in the other. He is thought to have belonged to a band of night riders, and met his death while on a raid.

Sebastian Stone, aged 38, mysteriously disappeared from his home in Versailles last week. Just before leaving he told his clerk to open the safe the next morning in case he did not return, take a letter from it and deliver it to Attorney Harry Schoberth. In this he directed Schoberth to sell all his property, pay his debts, and give the remainder to his wife, and tell her good-bye for him, as he "hadn't the heart to tell her himself." No cause is given for his actions.

Dispatches from Washington, under date of May 22, state that Representative John W. Langley, having secured the passage of a bill providing for holding terms of the United States court at Jackson, intends next year to ask for an appropriation for a Federal building in that city. Mr. Langley took to the White House a large quill of a Kentucky mountain eagle, with which the President signed the bill, and in addition wrote the following message: "To the city of Jackson, Ky.: With the regards of Theodore Roosevelt." Both the message and the quill will be preserved in the official archives of Jackson.

One of a team of mules belonging to Sam Harding, while engaged in plowing on his farm near Paris, came near meeting death in a peculiar manner. The mule walking in the furrow suddenly disappeared as a result of the earth sinking, which so frightened the negro farm hand who was behind the plow handles and in charge of the team that he fled. Seeing that one of the mules was still above the ground the negro returned and discovered the other mule was buried in the ground with only his nose and ears showing. It took four men half a day to dig the animal out. No reason can be assigned for the giving away of the ground, as the field has been in cultivation for years.
